About US...

Hello, my name is Leo Hill, the Managing Director of Let's Study English.

I am a native-speaking qualified English teacher from London, England. I have been living and working in Bad Homburg, Germany, since 2002. In 2004, I founded Let's Study English, a company that has grown in size year after year.

Having initially started with English language courses, the company now consists of three interrelated service areas, with the arrangement of summer courses and the placement of school children at boarding schools having also been added.

Here at Let's Study English, we offer a variety of business English courses, ranging from lower-intermediate courses to advanced courses. We would be more than happy to show you a short presentation with detailed information about the courses on offer, thereby making it easier to find the most suitable course for you.

Thanks for your time and interest, I look forward to hearing from you.

Best regards

Robert Jackle - Wellington College Full IB Diploma

„After two successful summerschools we then asked Leo Hill for finding a matching boarding school for our son Robert. His preparation course with Leo prepared him well for the decision and the entrance exams. Leo’s recommendation of Wellington College for Robert was a perfect choice. Robert is in his right place!“

Business English Courses - References

„Gerne möchten wir darauf hinweisen, dass der Unterricht von Herrn Hill über die reinen sprachlichen und grammatikalischen Lehrinhalte hinausging. Nach wenigen Wochen konnte bei unseren Mitarbeitern und mir als Praxisinhaber deutliche Verbesserungen sowohl bei Gesprächen als auch bei der schriftlichen Kommunikation mit den Patienten verzeichnet werden.

Herr Hill ist sehr zuverlässig und äußert flexibel bezüglich kurzfristiger Terminabsprachen und Unterrichtsinhalten. Sein Unterricht erfüllte alle unsere Ansprüche stets zur vollsten Zufriedenheit. Wir können Herrn Hill daher uneingeschränkt weiterempfehlen.“

„...Themeninhalte wurden hauptsächlich in einem wirtschaftlichen Zusammenhang unterrichtet...Vielmehr wurden auch wichtige internationale Verhandlungs- und Verhaltensregeln angesprochen.

Über die Dauer von zwei Jahren konnte das Niveau in Englisch in unserem Hause extrem verbessert werden.“

Boarding Schools - The Concept

Leo Hill has over the years established many contacts at private boarding schools in England. Many of these connections were facilitated by his father, Graham Hill, who has been the headmaster of a private school in London for the past thirty years.

Thanks to these networking activities, Mr Hill is able to offer you a choice of schools, specially tailored to the specific needs of your child. With his vast experience in the field of school placement, Mr Hill is adept at judging which school is best suited for your son or daughter, thereby ensuring that their stay in England is not only successful, but also highly enjoyable and most memorable.

There are two basic types of courses on offer:

- One is called the “Pre-IB (International Baccalaureate Diploma) Year”, which is a one-year course for children in Year 10 with a view of returning to their German schools for Years 11 and 12. Children in Year 9 should contact Let’s Study English between September and December if they wish to participate in this course.
- The second is an “Oberstufe” course, this being a two-year programme and known in England as joining the “Sixth Form”. This is the English equivalent to the German “Abitur”. Upon return, children having completed this course are qualified for university entrance in both England and Germany.

Again, children in Year 10 should contact Let’s Study English between September and December if they wish to participate in this two-year course.

As these options are more long-term in their duration, **it is highly recommended that you and your child meet with Let’s Study English to discuss the matters at hand in more detail and to get a better feel for the undertaking in general.**

Boarding Schools - The Preparatory Course

This is a special course aimed at preparing your child for the all-important interviews and tests at the boarding schools in England.

The course consists of five weekly meetings in which your son or daughter is more closely acquainted with the procedures that they will face when presenting themselves to the schools in question.

During the preparatory course, we will be discussing:

- The difference between “A-Levels” (the English system) and “Abitur” (the German System)
- The concept of boarding school life, i.e., what it means to be a member of a boarding house
- The significance of playing sport (traditional English school sports like rugby, cricket and rowing, for example) for the school or house, its importance in forming friendships outside the classroom and promoting the essence of teamwork and camaraderie.

We will also be viewing DVDs about the schools and looking at brochures of the three schools that interest your son or daughter the most.

The course will be of a modular structure, meaning that we will start by getting to know each other, the child’s requirements and wishes, moving on to choosing the most suitable school and finally preparing for the application and interview processes.

Travel Tips & References

When travelling to England, Let's Study English likes to recommend Craven House, luxury serviced apartments in London.

These centrally located in the borough of Richmond on the River Thames, five minutes from the centre of London by underground. The location is particularly convenient, being close to Heathrow and Gatwick airports and the boarding schools in question.

We also recommend using Hertz Rental Cars when hiring a car for your various travels throughout the area, with many other families having availed themselves of their services to their absolute satisfaction. A chauffeur-driven car company is also available.

„I did enjoy the summerschool and I liked the daytrips to London and Brighton. The lessons were also quite interesting. Another good thing was the big variety of activities.“

Moritz from Frankfurt

„On the parents' perspective we had the impression that everything went very well and Moritz' plan to go back again next year speaks for itself...“
